

CARLISLE PARKS AND RECREATION ILLNESS POLICY

Unfortunately everyone gets sick at one time or another. We understand that it is difficult to miss a class, but to protect other people we ask that if you or your child is sick you do not come into the Stuart Community Center. Carlisle Parks and Recreation has the right to refuse anyone who appears ill. You will be asked to leave if you exhibit any of the following symptoms. This is not an all-inclusive list.

- ❖ Fever 100 degrees or higher accompanied by other symptoms.
- ❖ Diarrhea
- ❖ Vomiting
- ❖ Rash with fever, unless a physician has determined it is not a communicable disease.
- ❖ Pink or red conjunctiva with white or yellow eye discharge, until on antibiotics for 24 hours.
- ❖ Impetigo, until 24 hours after treatment.
- ❖ Strep throat, until 24 hours after treatment.
- ❖ Head lice, until treatment and all nits are removed.
- ❖ Scabies, until 24 hours after treatment.
- ❖ Chickenpox, until all lesions have dried and crusted.
- ❖ Pertussis (Whooping Cough), until 5 days of antibiotics.
- ❖ Hepatitis A virus, until one week after immune globulin has been administered.

Children who have been ill may return when:

- ❖ They are free of fever, vomiting and diarrhea for 24 hours.
- ❖ They have been treated with an antibiotic for 24 hours.
- ❖ They are able to participate comfortably in all usual activities.
- ❖ They are free of open, oozing skin conditions and drooling (not related to teething)
- ❖ If a child had a reportable communicable disease, a physician's note stating that the child is no longer contagious and may return to our program may be required.
