

ORDINANCE NO.

AN ORDINANCE OF THE BOROUGH OF CARLISLE AMENDING CHAPTER 193 OF THE CODE OF THE BOROUGH OF CARLISLE TO PROVIDE FOR THE REGISTRATION AND INSPECTION OF RENTAL DWELLING UNITS AND AMENDING CHAPTER 120 TO PROVIDE FOR FEES WITH RESPECT THERETO.

IT IS HEREBY ENACTED AND ORDAINED by Carlisle Borough, Cumberland County, Pennsylvania, as follows:

SECTION 1: Chapter 193 [Rental Housing] of the Code of the Borough of Carlisle is hereby amended as follows:

A. §193-2, Legislative intent, is revised in its entirety to provide as follows:

The background of this Chapter and the legislative intention of the Borough Council in enacting it are as follows:

- A. The governance of rental housing within the Borough is necessary to promote and protect the public health, safety and welfare of its citizens.
- B. The establishment of certain minimal rights and obligations of owners and occupants with respect to the rental and occupancy of residential rental dwelling units in the Borough is necessary.
- C. Owners and occupants of rental housing are required to maintain and improve the quality of rental housing within the community.
- D. Owners and occupants of rental housing should share the responsibility to comply with Borough ordinances enacted to protect and promote the public health, safety and welfare.
- E. Rental housing has consumed the majority of Borough code enforcement resources, and, as a result, non-owner occupied residential properties bear a disproportionate burden of the cost of code enforcement.
- F. Tenants of rental housing have been reluctant to make code complaints to Borough officials for fear of retaliation by landlords.
- G. Approximately 55% of residential dwelling units in the Borough are residential rental housing units.
- H. The Borough has encountered difficulties obtaining cooperation and corrective action by owners of rental housing who reside or have offices a long distance from the Borough.

- I. Those residents who own and live in their homes have greater incentive to maintain their properties in accord with minimum standards of habitability.
- J. Because of their lack of ownership, certain tenants resist complying with Borough ordinances.
- K. The lack of attention to Borough ordinances by both owners of rental housing and tenants has denied neighbors the full peace and enjoyment of their homes.
- L. Having an accurate and comprehensive licensing and registry database will ensure that the Borough has complete records to better understand the long-term demographic, economic, land-use, planning, social, and general public welfare and public safety impact of the Borough's growing tenant population.
- M. To recognize and provide regulatory flexibility by recognizing well maintained, organized, and operated rental building(s) or complex, that are self-policing, and can demonstrate little or no property maintenance issues or violations impacting the Borough or neighborhood.
- N. To have inspection of residential rental units in order to certify that the unit meets basic safety and habitability standards when it is rented.
- O. This chapter shall be construed liberally to promote its purposes and policies.

B. §193-3, Definitions, is hereby amended as follows:

1. The definition of Residential Rental Dwelling Unit is amended to include the following at the end thereof:

Whenever the word "unit" or words "rental dwelling unit" are used herein, they shall mean "residential rental dwelling unit".

Such application must be made within 90 days of the Borough issuing confirmation to the owner that a rental dwelling unit has been registered.
